

Race Waiver

The safety of our runners and volunteers is our top priority. Our Color Powder is made from a blend of food grade cornstarch, FD&C and D&C dyes (food, drug and cosmetic dyes) and baking soda., but as with any substance, you won't want it in your eyes. Our volunteers receive strict instructions to throw color below the head, but as an extra precaution, many runners opt to wear sunglasses or goggles, and the occasional bandana over the mouth and nose while passing through color stations.

i understand that walking/jogging/running a road race is potentially dangerous activity. i verify that i am physically fit, have sufficiently trained for the completion of this event, and am medically able to participate.
